Subject: Bayou Corne Report

---

Hello Greg,  
This preliminary report has been edited by the ASPECT team and includes comments from Joe Ball.  
If you need something else added or edited let me know and I will include it before finalizing. Joe  
seemed to think it will be useful for situation reporting up the chain and public release. I had to leave  
the office due to the power failure and am trying to work from home. The Google Earth link is taking longer due to the power failure.
